

Howe Alumni Association Receives Generous Donation from the TCHHS Class of 1968

Legacy Wall

For their Fiftieth Class reunion, the Thomas Carr Howe High School Class of 1968 presented the “Legacy Wall” to the Howe Alumni Association. Donations were made by our class of ‘68 classmates in support of the “Legacy Wall”. On November 8, 2018 at the Howe Alumni Association meeting, members of our Class of 1968 reunion committee presented to Kama Carter, President of the T.C. Howe Alumni Association, a donation check in the amount of \$3,000. This donation will go directly to the Howe Alumni Association Student scholarship Fund. The Legacy Wall is on display in the Howe High School main entrance hallway for your viewing. The TCHHS Class of 1968 has invested in Howe’s students to help reward them for their scholastic accomplishments and future endeavors. We hope other alumni classes will consider doing something similar in the future. Go HORNETS!

President's Message

Kama Carter

Greetings everyone! 2018 was a very difficult year for me personally. As I reflect back, the one thing that was constant was my activities with the alumni Association. Howe High School is still a big part of my life, along with the alumni Association, the members of the board, and the alumni. I love being active in the school and achieving success with the tasks that are set before us.

As the years go by and our hair turns gray, the younger alumni come in with their own ideas. We always welcome that fresh new perspective, and we have so much fun putting together events, going to ball games, and on and on. The energy of new blood is contagious. I would love to see more alumni come and join us – I know you're out there. Come join us as a volunteer, attend a football or basketball game, or maybe even attend an Alumni Association board meeting or two and see what we are all about. You might like to join the board and promote some of your ideas as well. We meet the second Thursday of each month, 7-PM in Room 160.

I will leave you with this quote by Plutarch: "The very spring and root of honesty and virtue lie in good education." ~ Thanks Kama

After School Nutrition Program – School Year 2018 - 2019

-Larry Whitmore '70

The Howe Afterschool Meal program has been going very well during the first half of this school year. Just before Christmas Break, we actually served our greatest total yet, 110 students.

The program is designed to serve a good meal to any Howe students who are staying afterschool for any kind of school related program. This include ROTC, sports and study groups. The meals are provided by the wonderful Second Helpings, Inc of Indianapolis. This organization started in spring, 1998 and serves 80,000 monthly in Indianapolis. We are very thankful for their support!

Our Howe Alumni Association contracts with them since they cannot deal with a for profit school system that is currently operating Howe. So far in this school year we have served approximately 1,239 student afterschool meals. Our committee volunteers include 3 members: Larry Whitmore '70, Chairman, Barbara Finke Johnson '67 and Chris Elliott '67. Our work requires one committee member per week and takes approximately 1 & ½ hours. The work includes helping serve the students, washing the serving trays and utensils and sweeping out from under a few tables. Our committee members have to pass an online Safeserve Food Handlers class or attend the course offered quarterly at the Marion County Public Health Building. As with all schools nowadays, we also have to have a background check in order to work at Howe in any capacity. The fees involved are reimbursed by our Alumni Board. So, as we are looking for at least 2 more volunteers, please consider joining us! My contact e-mail is: LWHIT62@COMCAST.NET.

Go Howe!!!

Fundraising Committee Report

Debi Williamson Shank, '75

Hi everyone. I just want to report on two fundraising events that we have had since the last Howe Now went out. We had a rummage

Sale in the South Gym on Saturday, September 29, 2018. We took in a huge number of donations and were able to make \$289.00 towards the Scholarship Fund. This was our first ever Rummage Sale and we have some ideas to improve sales the next time. Thank you to Bev Cross '74, for taking charge of this fundraiser and to all of the volunteers that helped.

On Tuesday, November 27, 2018, we had our 2nd Annual Pints for a Purpose fundraiser at Black Acre Brewing Co. Black Acre donated \$1.00 from every pint sold, from open to close, towards our Scholarship Fund. Proceeds from those sales were \$202.00 for the evening. We also sold 11 Howe Hornet Christmas Ornaments for \$110.00 and received donations of \$97.00 in our tip jar that night. Grand total for the evening for Scholarships was \$409.00.

We had mentioned an Alumni Fundraising Concert that was tentatively to take place in February 2019, but it has been delayed. We will give you more information about this on Social Media as it becomes available.

Our 3rd Annual Howe To Learn Reception, to raise money for scholarships, will be held at the Bona Thompson Memorial Center on Thursday, April 25th from 6:30 p.m. – 8:30 p.m. Anyone interested in being a sponsor for this event, please contact Debi Williamson Shank at debishank75@hotmail.com.

There will be more information on social media in the coming weeks. If you are not on social media, but would like more information on these events, please email me.

~ Thank you!! Until next time.

Ways and Means Committee

Roger Marchal, '60

The Ways and Means Committee would like to thank all who supported us this past year. The

Association had a successful sale of merchandise at the Howe Block Party in August, and the Irvington Halloween Festival in October. We plan to be back at these two events again this coming year.

The Committee was invited to bring merchandise to the 50th reunion of the Class of 1968 where we were well received. If you would like us to attend your upcoming reunion, please let us know. Requests to purchase merchandise can be sent to:

**The Alumni Association of Thomas Carr Howe,
P.O. Box 1938, Indianapolis, IN 46219**

Thank you again for your support!

Scholarship Committee

Dan Kaga, '57

We want to thank the Class of '68 for their generous donation to the Scholarship fund. It will go a long way to provide for the eleven \$1,000

Scholarships and one \$500 (400 Club) scholarship we will be awarding for the 2019 graduating year. After many years of serving as your Scholarship Committee Chairman, I have decided to retire from that duty and participate as a committee member instead. Larry Whitmore ('70) will become the new Chairman as of January this year (2019). I wish him the best of

Luck. As always, there are many ways you can help with the Scholarship fund. You can donate directly to the Alumni Association and we will print your name in the Howe Now donor section. You can also participate in the many fundraising activities such as being a sponsor or attending the "Howe to Learn" annual event (see below) being held at the Bona Thompson Center in Irvington. Last year was a huge success and a good time was had by all. I will sign off now, and I wish to thank all of you for your support in past years. – Dan Kaga

Thomas Carr Howe High School Alumni Association

Presents the 3rd Annual ~ **HOWE TO LEARN** ~ Reception
April 25, 2019 * 6:30 p.m. - 8:30 p.m.

Please join us for a fun evening of entertainment, fellowship & information on our Scholarship Fund Program for deserving Howe Seniors. Meet a previous Scholarship recipient and hear what receiving an Alumni Association Scholarship meant to them. The Principal will talk about new programs, what the Howe traditions mean to him, and his hopes for the school's future. Mingle with former classmates & faculty from Howe. Enjoy the music of popular local Howe grad musicians.

If you can't be there in person you can still show your support by being a sponsor for the event. When you become a sponsor, your name or your business name will be prominently displayed at the event, on social media and in the local newspaper and on the radio. You will also receive two complimentary tickets to the event. Individual tickets to this reception will also be available. Because of the success of this event last year, we are able to reduce the individual ticket to \$35 donation each so that more of you can attend.

Below are HOWE TO LEARN sponsorship options:

- ___ Table Sponsorship \$200
- ___ Music Sponsor \$350
- ___ Food Sponsor \$500
- ___ Libation Sponsorship \$250
- ___ Bronze Sponsorship \$350
- ___ Silver Sponsorship \$500
- ___ Gold Sponsorship \$750
- ___ Platinum Sponsorship \$1,000

You may also obtain event tickets for a donation of \$35.00 each.

The "new gym" added circa 1940 holds many memories for Howe alumni. Tony Rosemeyer says, "This was the 'Freshman' gym in the 70's and 80's when I went there. A rumor I heard then was there either was or used to be a swimming pool under the gym floor." (wishful thinking?) It was also the primary entrance for many students who walked to the school. Micki Brown Mayer says, "I entered school every day through this entrance. Walked by my sister's office (Janice Brown, PE) every day too."

COMMUNITY

Partnering with Keep Indianapolis Beautiful, Inc. and their Adopt-A-Block program! Howe students are excited to be giving back to the community.

Meet Coach Tracey Pendleton

He joined the T.C. Howe Community High School Family in Fall in 2017 to be the Head Football Coach for the Howe Hornets, a 2A Division School. After a rough first football season, Coach Pendleton took the varsity football team from a one-win season to nine in one year! He was named High School Football Coach of the Year for 2018. He was selected by his peers. "I have enjoyed my time here at Howe. My passion, developing young people, is my life work." - Coach Pendleton.

Enrichment

During enrichment success classes a group of students produce a weekly podcast discussing pressing issues our youth face in their lives.

SCHOLASTICS

In October 2018 Howe students took a field trip to attend Crispus Attucks HBCU College Fair. Each student was provided their transcripts and tests scores to give to the representatives from the colleges. "We couldn't be more proud of the group of students that we took. We walked away with SEVERAL college acceptances."

Howe's Report Card

Since the fall of 2017, when Lloyd Knight became Principal for Howe, the "report card" for Howe High School shows a lot of positive progress. Mr. Knight, along with Asst Vice Principals Paige Pittman and Laci McKenzie, are proud to report:

The 2018 graduation rate is now 91.8 percent -- the highest rate in more than a decade and nearly double the rate of the previous year. For the first time in memory, the senior class had no dropouts. The handful who did not graduate are listed as "still in school," according to state data.

Student growth on last year's ISTEP was 119 points -- a significant increase from past years.

All 25 students who retook the ISTEP 10, an exam required for graduation, passed. A year ago, all the student re-testers failed.

Enrollment is increasing, compared with the past three years. The official fall enrollment is 577 -- almost 100 more than the previous year. An influx of students chose Howe after IPS closed three high schools last summer. ###

We get mail ...

This issue we have some letters from a few folks who wish to share a special memory of their time at Howe. Feel free to submit a memory of your own!

Dear Howe Now,

I was not the best of students at Howe my first two years. I tried to do too many afterschool activities like multiple jobs and sports. Multiple jobs was a big mistake! Worker's Permits don't allow that anymore. I thought you couldn't mix obsession with sports with the academic side of school. In the middle of my sophomore year things changed. I tore my right knee cartilage in a JV Football game against Arlington and was out for the rest of football season. There was a tall defensive end I tried to run around, and he tried to tackle me high. He ended up on top of me as I carried him and the ball. I'd seen the great Jimmy Brown carry tacklers many times on TV so I tried that method. The only problem was I hyper extended my right knee and other players said they heard a snap like a whip. The sad reality was I was not like Jimmy Brown. I stayed with football all four of my years at Howe but realized I was also handicapped due to my vision on the field. I tried wearing contacts but kept losing them in games and safety goggles weren't available yet. Games were a pretty big blur for me after I couldn't afford paying for contacts in my senior year.

Ironically enough, while I was injured, I became a better student. I made the Honor Roll my Junior and Senior years and started enjoying education. School started to be fun! I found after you get through required courses and choose elective courses, learning is less difficult. Who knew???

What I enjoyed was not limited to electives though. I liked the required Biology course with the Science Department's William Lincoln. I liked my football coaches, especially Coaches Piercy, Stewart, and Wion. Miss Kittelsen's English classes were great! And I would take anything from Mr. Tobin when I could. Mr. Handley with the Orchestra also was very kind to me during a brief stint, while injured, when I took an instrument. He let me sit in on a performance, which was a disaster with my inexperience, and I raced back to Football and track ASAP!

My improvement in my grades allowed me to go on to college, something I never dreamed possible when I started out at Howe in the summer of 1966. And those first two courses (Driver's Ed and Typing) have turned out invaluable now in our mobile and electronic world today. I received scholarships and grant money (loans) and became a steel worker in summers to pay for my college. Thankfully, it was Howe teachers and education that helped make it all possible. I should also say that I owe my improved academic education at Howe to a tall unknown defensive end from Arlington HS who didn't know how to tackle!

- Larry Whitmore, Class of 1970

Dear Howe Now,

The other day I was thinking about the first time I ever learned to sew. It was my freshman year 1970, and my mother insisted that I take home economics. Home Ec taught you domestic skills like how to set a table, make a meal, and the proper way to serve it. Cooking was the first semester. Clothing was the second semester. In my class I had to make a lined wool skirt. I scratched my head and said, "Holy cow, how do I do that?" but I had a pattern and a very good teacher, and I was successful in making my lined wool skirt. It was dark purple, and the lining was pink. Oh, those were the days!

- Kama Carter, Class of 1974

Dear Howe Now,

I always enjoyed my years at Howe. I had good role models, and Howe High School was such a wonderful community involved school. I am on the Alumni Board to give back to the school I learned from. I'm doing what I can to help in various areas for the Alumni Board. I made many friends during my time at Howe – both before and after graduation, especially life-long ones.

- Sharon Hannah Amrhein, Class of 1958

Dear Howe Now,

I love the Howe Friends Facebook page. went to Howe in the mid 1940's. Howe was such a great school, there was a DJ playing hit records during the lunch hour, and the food was actually pretty good! I moved away and went back in time almost a century!!
